12th September 2017

**Durants Satellite at Winchmore
Open Morning for Parents
Friday 29th September at 10 a.m.**

Dear Parent/Carer

Durants School will be holding an open morning at our Satellite based at Winchmore School on Friday 29th September at 10am. This provision is designed for pupils with a diagnosis of autism who would struggle full-time in a mainstream secondary school but do not necessarily need a place in a special school.

This open morning is for parents of children with a diagnosis of autism who will be making secondary transfer in September 2018. If you have a son or daughter with autism and you feel they would benefit from being in a specialist autism provision within a mainstream school then please come along.

For more information about the Durants ARP at Winchmore please go to the Durants School website www.durants.enfield.sch.uk. You will find further information under the school information tab.

Winchmore School is in Laburnum Grove, Winchmore Hill, N21 3HS. Please just report to the main school reception. In the meantime if you would like to discuss this further please contact me at Durants School on 020 8804 1980.

I look forward to meeting you. If you are unable to attend on the 29th but would like to visit the satellite then please contact Durants School to book a visit.

Yours sincerely,

Peter De Rosa
Headteacher
