28<sup>th</sup> May to Friday 1<sup>st</sup> June

You will also be able to find key dates on our website <http://churchfield.school> as well as on our active Facebook page (Churchfield Primary School N9). Follow us on Twitter- @Churchfieldsch

## Dear Parents and Carers,

It's been a lovely half term and the children have been working hard. Lots of classes earned marble jar treats and Year 2 had a fantastic movie drive-in! We are very excited to have launched Mathletics and we hope that our pupils will enjoy using it over the holidays. We wish you a fun and relaxing break and look forward to seeing you back on Monday 16<sup>th</sup> April.

Year 2 loving watching a movie in their hand- crafted cars!

## Year 5 are really making the most of IPC!

Miss Chrysostomou writes: As part of the International Primary Curriculum, year 5 have been learning about cooking utensils and their purpose. We spoke about why utensils were

made out of particular materials, whether they were heat conductors and what materials best suit cooking activities. We discussed what ingredients have an impact on cake rising and what the possible reasons could be. As you can see, this resulted in some excellent cake baking!

## Achievement Awards

(All bronze certificates unless stated)

Reception: - David, Areesha, Danawit, Ayoon, Matthew, PhilJojo, Kaya, Emmanuella, Duygu, Olsjon, Nethusan, Tia

## Always Medals

Adam, Ares, Tyler,  
 Zuhayr, Juliet, Sahan,  
 Imani, Shannyce,  
 Sude, Elena

## Road closure news

Cycle Enfield are doing some works to install a new zebra crossing on Church Street and this will involve the closure of Latymer Road at the junction of that road. There will be diversion signage in place but please be aware that this will cause access and traffic issues during the summer term.

## School Parliament news

Year 6 SP members joined hundreds of schools across the UK in attending WE Day, on the 7th March, at Wembley Stadium. WE is a charity that brings young people together and gives them the tools to make a positive difference in their local community and change the world.

We had a great time listening to inspirational speakers, from around the world, share experiences on how they have transformed communities and changed lives. We were also lucky enough to meet some A-list performers such as Alexandra Burke and The Vamps!

"It was really fun dancing to the music and learning the special WE dance!" - Angel (Y6 Zebra)

"I was inspired by the different people who have helped their local communities for the better." - Zuheb (Y6 Kangaroo)

"We have lots of ideas now and we want to make a difference in our local community too!" - Ela (Y6 Chameleon)

We are excited and determined to help our local community, and look forward to organising some fundraising events in the Summer term. The WE day trip also motivated us to think about other educational visits that we would like to have during the school year. This week, we are working alongside our teachers and peers to discuss and organise some fun and inspirational trips for next term.

## Science news

Science club have been taking the Egg Drop Challenge. They have planned and designed ways to protect a real egg from breaking if dropped from a height. There were some very imaginative designs including the use of balloons and parachutes to slow down the force of the drop. Why don't you try it at home? Our results were eggstatic!

### Egg Drop Challenge

Objective: Design a system to protect an egg from cracking or breaking from a high fall.

Materials: Use anything you'd like! Some ideas include: paper towels, straws, tape, cardboard tubes, paper, popsicle sticks, baggies or old boxes.

As always, if you have any questions, please contact us.

Best wishes,

The Senior Leadership Team
