

CHURCHFIELD PRIMARY SCHOOL NEWSLETTER

RESPECT DETERMINATION HONESTY RESPONSIBILITY KINDNESS

We have reached the end of a very busy, different, yet successful term. The children have really loved being back at school and have shown real resilience and adapted well to the changes. We would like to thank all members of our wonderful school community for working so well with us and bearing with us with all the different changes. I am sure you will join us in saying an enormous thank you to all staff for their continuous hard work, and dedication. We hope you all have a wonderful Christmas break.

The children in Nursery have been busy with their culinary skills again. This week they have been making some very sticky but delicious Christmas tree ice cream cones.

Christmas jumper day

Thank you to everybody who donated when we had our festive celebrations. We raised £191.80, which will contribute towards equipment chosen by the children. We are excited to find out what they will choose to spend the money on

TikTok Update Parental Controls with Family Pairing Feature

TikTok is used by many teenagers and sometimes children younger than 13 despite its terms and conditions. Using the new Family Pairing feature can allow parents to guide their child's TikTok experience in a safer way. Features include:

- **Search:** Decide what can be searched for. This includes content, users, hashtags, or sounds
- **Screen Time Management:** Sets how long your teen can spend on TikTok each day
- **Discoverability:** Decide on the account being private (you decide who can see their content) or public (anyone can search and view content)

To find out more information about TikTok's Family Pairing feature and to download a helpful poster to share with pupils and parents, go to: <https://swgfl.org.uk/magazine/tiktok-update-parental-controls-with-family-pairing-feature/>

Return to school

Monday 4th January is an INSET day so school is closed to children.

School is open for children on Tuesday 5th January.

Supertato in Year 1

Year 1 have been reading supertato and doing some work around this. Look at this great homework that was uploaded to Google Classroom. Chelsey in Otter class made a superhero using different shapes.

Relationships Education Consultation

We have now arranged our working party and have representatives from all year groups, apart from Year 2. If you are a parent in Year 2 and would like to be considered, then please email the school.

The working party will meet on 11th January and then we shall start the consultation with all parents.

Art installation

We are thrilled with the art installation of each of our children's self-portraits. The motivation behind this whole school art project was to show how our community is still connected even though we are physically separated. It is a beautiful rainbow that has totally transformed the corridor with its representation of hope.

Police:

We have very good links with our local police team and sometimes they come to school to support us if there is an issue, but they also come to school to join us at the gate and say hello. We are keen that the children know that the police are there to help them, rather than to tell them off. So if you see one of our community police officers on the gate then please say hello.

A big thank you from Mr Plumb who has noticed a huge drop in the number of parents dropping children off on the yellow and white lines outside of school. This has made drop-off and pick-up safer and less congested for everybody so thank you.

In Reception, Year 1 and Year 2, we have been encouraging the children to read their Book Bag books and watch the Virtual Classroom lessons weekly. During the holiday, these will continue to be available to you. The children absolutely love showing off and reading the books/watching the lessons with the sounds they have learnt, so encourage this whenever possible.
